

E-STATEMENT DISCLOSURE

I have chosen to receive my Metro Shores statement online using MSCU@Home. I acknowledge that my account statement must be obtained online and that the credit union will discontinue mailing me paper statements. By this election I accept the Electronic Statement as my official account statement for my account and will only receive a mailed paper statement upon my request at no cost. If I later decide to receive my statement by mail I can use the MSCU@Home to change my statement delivery method or contact a credit union representative.

The e-mail address I have supplied through MSCU@Home will be used to notify me that my monthly or quarterly statement is available to view. This e-mail address will also be used to communicate with me electronically as necessary. I accept responsibility for the delivery of the E-Statement notification by providing and validating my current e-mail address to the credit union. If the e-mail address that I have supplied within MSCU@Home becomes invalid, causing me to not receive E-Statements, I will not hold Metro Shores responsible. MSCU@Home is accessible by both PC and Macintosh computers. You will need a popular browser, such as AOL, Internet Explorer, or Netscape Communication with a version level of 6.0 to work with MSCU@Home.
